

To Guests who have booked a cruise sailing in August 2020

Due to the impact of novel coronavirus (COVID-19), Japan Grace has been preparing for the departure of the ships in accordance with the instructions of the relevant authorities and in close contact with shipping agents and local travel agencies in each country. However, after consulting with the shipping companies, we have unfortunately decided to cancel our August 2020 cruises.

For more information, please refer to the information letter from your agent.

As for the round-the-world cruises departing from December onwards, we will take all possible safety and health measures and plan to operate as scheduled.

We pledge to make all efforts in preparation to realize your dream of a round-the-world cruise. We express our great appreciation for your understanding and cooperation.

June, 2020

Japan Grace Co., Ltd.
